

# Driving the US 2/WIS 13 roundabout

## Bicycles

The same rules for vehicles apply for bicyclists in the roundabout. However, bicyclists can choose to bypass the roundabout by using the designated bike/pedestrian bypass path. In the roundabout, bicyclists should ride close to the middle of the lane and should not hug the curb. Watch for cars waiting to enter the roundabout.

## Large vehicles

Large vehicles may straddle the colored concrete truck apron that borders the inside of the roundabout.

## Roundabout Bike / Pedestrian Bypass Paths

Wait for a safe gap in traffic before entering the roundabout

Traffic circulates counterclockwise in the roundabout

All traffic must yield before entering the roundabout

**Yield to all traffic before entering roundabout!**

## Left turns and U turns

Yield to all traffic in the roundabout.  
Enter the roundabout when there is a safe gap in traffic.

## Going straight

Yield to all traffic in the roundabout.  
Enter the roundabout when there is a safe gap in traffic.

## Right turns

Yield to all traffic in the roundabout.  
Enter the roundabout when there is a safe gap in traffic.

## Emergency vehicles

Always yield to emergency vehicles.  
Pull over to the right allowing emergency vehicles to pass if you haven't entered the roundabout.  
If already in the roundabout, continue to your exit, then pull over to the right lane to allow emergency vehicles to pass.  
**Never stop in the roundabout.**
